McLay

FACTORY PACKAGE MODELS

All new for 2013 are three exciting package boats that come from the McLay factory complete with Mercury motor and trailer ready for you to go boating.

The 521 and 571 Sportsman and the 591 Fisherman are all based on proven hulls that are both great handling and stable and come with a host of standard features with further options available and are very competitively priced.

These models come with a 5 year warranty and are available now, so get on down to your local McLay boats dealer and check them out. We believe you will be impressed. What great value for money these models are.
